

Hike Svredalen

Helags Glacier Hut-to-Hut

About the destination:

In Härjedalen, the air is pure, the landscape wild and the water so clean you can drink it straight out of the creek. This pristine corner of Sweden is home to more reindeer than people – and thanks to its remote location, few international travelers have discovered its magic. With no crowds, no noise, and no rush, there's space here to breathe deeply, move slowly, and reconnect – with nature, and with yourself.

This hiking adventure will take you hut-to-hut through the Swedish highlands, all the way to Helags, Sweden's highest peak south of the Arctic Circle and home to the country's southernmost glacier. Named one of National Geographic's top 10 summit hikes in the world, Helags offers dramatic mountain views, quiet trails, and a chance to experience Sweden's unique mountain hut culture.

About your host and guide, Linda Åkeson McGurk:

Hi, I'm Linda! I'm a Swedish-American journalist, author and speaker who believes life is better outside. Having grown up steeped in the Nordic *friluftsliv* culture (open-air life), I spend most of my free time finding joy in nature – whether hiking, camping, skiing or taking a cold plunge. I live part of the year in northern Sweden and would love to share the beauty and serenity of this place with you.

Day 1: Arrival in Östersund

- Pick-up in Östersund.
- Welcome drink and dinner at the cabin in the quaint village of Tännäs.

This will be our base camp!

Day 2: Explore Funäsdalen

- Breakfast at the cabin in Tännäs.
